NEW TAX LAW IS LAUDED

H. M. Froman, president, and H. G. Skiles, of Crab Orchard, secretary of the State Tax League, the organization which conducted the fight in behalf of a new taxing system for Kentucky, have issued the following statement:

"The State Tax Commission has published its first report to the Governor and Legislature and, although the complete returns have been delayed in some of the counties, enough information has been developed to indicate the most satisfactory results to both taxpayers and in the State revenues."

"The increase in the listing of intangible personal property, such as bonds, stocks, notes and accounts, is remarkable and it is estimated will reach the enormous sum of over \$400,000,000, compared with \$80,000,000 last year, or say five times as much."

"Bank deposits increased from \$11,000,000 to about \$180,000,000, or over sixteen times."

"Increase in assessments of whiskey, oil, beer, race tracks and other items, some of which were never taxed before, will produce additional revenues of over \$1,142,000, or say one-fourth of the former general tax from practically new sources."

"The total assessments of all property returned by the Assessors last year was \$922,466,491 and, from the figures so far available, this amount will be increased this year to \$1,500,000,000, and possibly \$1,700,000,000, when all the returns are in."

"The reduction in the State tax rate from 50 to 40 on each \$100 will result in a saving to taxpayers, who have heretofore made accurate returns of over \$2,000,000, while the increase in State revenue, largely from property not heretofore contributing, will reach over \$4,000,000, if the surmise of the Tax Commission is correct. The net increase in revenues is estimated at \$2,343,000, after allowing for the loss by decrease in the tax rate."

"The increases are mostly in counties in which the larger cities are situated, as, for instance, Jefferson (Louisville) increased from \$12,500,000 to \$125,000,000; Fayette (Lexington) increased over last year \$40,000,000 to \$150,000,000; Warren (Bowling Green) \$7,000,000 to \$9,000,000; Henderson (Henderson) \$6,000,000 to \$9,000,000; Daviess (Daviessboro) \$10,000,000 to \$12,000,000; and others in proportion."

"This refutes the charge that the cities would profit by the new laws at the expense of the country."

"There are two results from the operation of the laws of great significance. First, the State will have ample revenue to meet the current expenses; second, the law revenue will come chiefly from personal property heretofore contributing."

"The prompt response to the new laws is also remarkable, and indicates a willingness on the part of taxpayers to comply with just laws and equitable assessments."

"The State Tax League, which advocated the changes, feels a commendable pride in calling attention to the above facts, and the whole State is under obligations to the framers of the new laws and the Tax Commission which is so ably administering them."

NO INDIGESTION, GAS, OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapiesin" For Sour Acid Stomach, Heartburn, Dyspepsia

Time it! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eruptions of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in sweetening upset stomachs. It is the surest, quickest and most certain stomach antacid in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and enjoy it, without dread of acid fermentation in the stomach.

Pape's Diapiesin belongs in your home any way. Something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at day-time or during the night, it is handy to give the quickest, surest relief known.

MARRIAGES.

J. W. Carroll, a youth of 20, and Miss Bessie Parrish, sweet 16, were married at the court-house Saturday.

Mr. and Mrs. George Deneghy Mahan, of Danville, will celebrate the fiftieth anniversary of their marriage on Feb. 6th. Miss Ada Mobley, of this city, is in receipt of an invitation.

PREFERS CHAMBERLAIN'S

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.

DOINGS THE COUNTRY OVER

Charles Lippold, formerly of Louisville, is dead in Atlanta.

There are now 4,500,000 autos in use, against 3,225,000 a year ago.

The Chicago Nationals paid \$50,000 for Pitcher Alexander and his battery mate, Bill Killifer.

Mrs. Katie Ahlers, who killed Philip E. Tucker at Dallas, Texas, was given five years in the pen.

Having a span of 324 feet, the new bridge across the Tiber at Rome, is the longest re-enforced concrete arch in the world.

Two persons were killed and 20 were injured when a passenger train on the Pennsylvania line struck a street car near Canton, O.

The City Commissioners of Lexington reduced Chief of Police James Egan and reinstated J. J. Reagan, who resigned November 1. Reagan is one of the best known chiefs in the State.

Investigation has brought to light the fact that retail prices of gasoline are from seven to 10 cent above the refining cost and an effort will be made to reduce the price of that commodity.

Robbers named with axes hacked and killed two farmers near Sharon, Ia. The victims, Evan and Thomas Davis, were attacked while asleep in their bedroom. The robbers got \$100 and a watch.

A rooster and his five wives, sixty-two cents and a family of twenty-five goldfish, which were found on the five German ships seized in Boston, were returned by the Animal Rescue League.

Joseph H. Boland, of Bonhous, was found dead in his home with a rifle by his side. He was 64 years old and a man of much prominence in his section. He was alone at home when the tragedy occurred.

Assuming an attitude of defiance several Louisville saloon men kept open their places of business yesterday, headless Monday, despite protests on the part of hotel proprietors and others whose bars were closed.

Two concerns engaged on Government contracts, the Henry Smith & Sons Company shipping plant at St. Louis and the Delta Woolen Mills near Baltimore, were burned with losses of \$300,000 and \$200,000 respectively.

Dr. Granville Haynes, prominent Louisville surgeon, has been enrolled in the medical corps of the Good Samaritan Base Hospital Unit No. 40, according to announcement made by Dr. David Harrow, director of the unit. Orders to proceed to training camp are now expected daily.

Mrs. Ellen O'Grady was appointed a Deputy Police Commissioner of New York City yesterday, with the rank of Fifth Deputy, thereby shattering a precedent of the New York police department. She will have charge of the "white slave" traffic cases and look after missing girls.

Greater tax levies, the form of which cannot now be anticipated, probably will be provided by Congress, Chairman Kitchin, of the House Ways and Means Committee, announces. In view of this, he said, he deemed it unwise to consider general amendments to the war revenue act at present.

Secretary McAdoo yesterday recommended the creation of a half billion-dollar Government corporation to lend financial assistance to enterprises essential to the war; also that all private issues of securities of more than \$100,000 be made subject to the approval of the Government organization to be known as the "War Financing Corporation."

A dispatch from Elizabethtown says: Two attempts were made to burn the Baptist Orphan's Home at Elizabethtown, in this county. Three girls, ranging from 12 to 15 years old, were orphaned before County Judge D. W. Ruter but as there was no direct proof against them they were dismissed. Several beds in the building in two or three rooms were ignited by matches.

Growing out of the Louisville & Nashville wreck at Shepherdsville, when forty-nine persons were killed, three suits aggregating \$170,000 were filed in Circuit Court at Bardonia against the railroad by Jasser W. Muir, administrator, for the deaths of Nat W. Muir, banker; his wife, May Shadburn Muir, and son George. Other administrators and executors are qualifying in court at Bardonia.

Three more suits were filed against the L. & N. in the Nelson Circuit Court to recover damages for loss of life in the Shepherdsville wreck. Thomas J. Miller, administrator of his wife, Mrs. Mahel Brown Miller, sued for \$35,000; the Rev. H. H. Mashburn, administrator for his wife, Mrs. Emily Havcraft Mashburn, sued for \$35,000, and Dr. R. H. Miller, administrator of his wife, Mrs. R. H. Miller, sued for \$35,000.

In a series of fires in shipyards, on munition ships, in war plants and storage buildings along the Atlantic seaboard, Government officials now indicate of a widespread plot to cripple United States war activities. Nearly all of the fires were of suspicious origin. Ten men were killed and many injured by an explosion in powder magazine in the United States navy torpedo station at Newport, R. I. It was said there was nothing to indicate this disaster was the work of enemy agents.

SOON OVER HIS COLD

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

CONCERNING HEMP PRICES

The hemp raisers of Lincoln and adjoining counties are not feeling the best in the world over the prospect of selling their hemp crop at a figure that will justify the expense and trouble of production, but excerpts from a letter to Congressman Harvey Helm from Frank McIntyre, chief of the Bureau of Insular Affairs, printed herewith may throw some light on conditions concerning hemp and may have the effect of making the hemp raisers feel a little better about their crops.

Certainly if Mexican hemp is worth 1-4 cent per pound and Kentucky hemp is used for the same purpose for which Mexican hemp or sisal is used, the Kentucky product should be worth as much money.

"There has been discussion between the manufacturers and the bureau of the government having relation thereto as to the possibility of stabilizing the price of Manila hemp. No decision has been reached and there is some doubt as to whether anything will be done. The Kentucky hemp is used almost entirely for purposes for which Manila hemp is not used. The Manila hemp is used almost exclusively for marine cordage. Kentucky hemp is used more for those purposes for which Mexican sisal is used. For this reason I am not sure that a decision with reference to Manila hemp would materially affect the price of Kentucky hemp."

Fair current Manila hemp is now quoted at 20 cents in New York. I understand that practically the entire requirement for the next crop of Mexican sisal has been purchased at 19-1-4 cents per pound."

THE FOLLOWING, taken from the Somerset Journal, would indicate that things are not in excellent condition financially with the good county of Pulaski: "County Judge R. C. Tartar says that he is working hard to find the exact financial condition of the county. Claims are piling in by the thousands of dollars, but we hope by the middle of February to announce to the public just how the county stands. All the \$250,000 bond issue has been spent, and it looks like there will be a deficit in the bond fund of \$2,430 or \$4,000. At present there is about \$33,000 in the National bank but the claims filed with us against it far exceed this amount. The Virginia Iron and Bridge fund have a claim unpaid of \$18,450; Connelley Construction Company have a claim of \$8,575, and there are a mass of minor claims that aggregate over \$7,000 filed against the bond fund. We have to have a State Inspector here in a few days to investigate the expenditure of the bond money, and we will keep the public informed."

WAREHOUSE CATCHES FIRE. The large warehouse back of Mr. W. H. Higgins' store caught fire when an electric wire at an early hour Monday morning and might have resulted in a disastrous fire had it not been discovered in time. As it was very little damage was done. The blaze was discovered about 7 o'clock Monday morning and was quickly extinguished by Mr. Higgins and his colored porter, John Sneed. The lights went off between 3 and 4 Monday morning and the live wire must have done its work several hours before the discovery was made. It was very fortunate for Mr. Higgins and the town that the blaze was seen in time.

A miss is as good as a mile, but it is always safe to have an insurance policy to fall back on when there is any chance of having a fire. Better see Jesse D. Werren, the Insurance Man of Stanford, this afternoon about getting your property insured.

MR. McPHERSON IN DEMAND. Mr. C. C. McPherson, who two weeks ago today came up from Lebanon Junction to accept a position in the First National Bank, has gone to Livingston to take the position of cashier of the State bank there, having been tendered the job several days ago. Charles Thompson, who married Miss Pattie Perkins, of this city, has been cashier of the Livingston bank, but has resigned. Mr. McPherson did not solicit the high office he will enter but on the other hand it was a case of the office seeking the man. The Interior Journal regrets that the splendid young fellow did not make Stanford his permanent home.

THE AGED MR. PITMAN DEAD. William W. Pitman, age 78, died at his home on Mason's Gap Friday and was buried at Fairview church Sunday after remarks by Mr. J. C. McClary at 2 P. M. He is survived by his wife and three daughters, all of whom are married. Deceased had been ill for some time and heart trouble is believed to have caused his death. He was a clever old gentleman and a good citizen.

RED CROSS ITEMS. Will all who joined the Red Cross during the late drive call at Dr. T. W. Pennington's office to get their certificates? If you cannot call for it, please ask some one to get it for you.

Those who promised money for yarn, please pay as soon as possible.

STOMACH TROUBLES. If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

COME TO STANFORD FEB. 12th. Join the crowd and come to Stanford Tuesday, Feb. 12th. The court day gathering will be here on that day rather than Monday, 11th. Tell your friends about the change during the headless Mondays.

HEATLESS MONDAY OBSERVED. There can be no complaint about heatless Mondays being observed here. The order was complied with to the letter and all who were asked to close did so cheerfully.

HAD 24 PINTS OF ROOZE

Sam Thurman, colored, was arrested Saturday night as he stepped from train No. 21 by Chief of Police George T. Wood and placed in jail. Thurman carried a basket which he admitted contained 24 pints of whiskey and besides this he had a bottle or so in his pockets. He was taken before City Judge R. L. Davidson Monday morning and a court of inquiry was held, both County Attorney T. J. Hill and City Attorney P. M. McRobert being on hand. Thurman swore that he had been sent for the whiskey by Charlie Hocker, also colored, who gave him \$18 with which to purchase it. Hocker was found and brought in. He claimed that the whiskey belonged to him and admitted that he had sent Thurman for it, giving as a reason for not going himself that he had to play for a dance Saturday night. Hocker was questioned as to where he got the money, when he said he "played music" and waited on the table at the hotels. Questioned more closely, he said that he had not worked at any hotel since last fall and that he had only played for two or three dances. Believing that there is a good case against him, Judge Davidson ordered Hocker to bail to await his trial this afternoon. Thurman will be used as a witness against him, and he too may be given a fine for securing whiskey for another.

POOR FINANCIAL CONDITION. The following, taken from the Somerset Journal, would indicate that things are not in excellent condition financially with the good county of Pulaski: "County Judge R. C. Tartar says that he is working hard to find the exact financial condition of the county. COME TO COURT FEB. 12th

On account of the headless Mondays the court day crowds are invited to gather here Tuesday, Feb. 12th, instead of the Monday previous. This is done both for the benefit of the merchants and the people who may come to town for the purpose of buying. As is well known the dry goods, clothing and hardware stores are not permitted to open on all Mondays, the grocery stores can remain open only until noon and the drug stores are permitted to sell only drugs and medicines on those days. By having Tuesday, rather than Monday as court day, stores can all be found open and the visitors can buy what they want. T. W. Jones, who operates the Nunneley Stock Yards, will hold sales on Tuesday and will so notify his many patrons. The move strikes us as a most excellent one and the Interior Journal will do its utmost to give the change all the publicity possible. Tell your neighbors to come to Stanford Tuesday, Feb. 12, instead of Monday 11th, and they will find the stores wide open and full of goods and willing salesmen ready to wait on all who call.

JUDGE HARDIN'S FINE TALK. Judge Charles A. Hardin, of Harrodsburg, accepted an invitation to address the Liberty Service League on Friday night and made a talk that was helpful to all who heard it. The judge discussed the war at length, telling of the horrors of it and the selfish work being done the innocents of France and other countries at war with Germany by the German soldiers. He was very much pleased with the Liberty Service League and stated that he would organize a similar league in his home town as soon as he could. The county court room was filled with members and the meeting was one of the most enthusiastic yet held. The membership is growing rapidly, a number being added each meeting night. Hon. Edwin Morrow, of Somerset, will be asked to address the League at an early date.

DR. D. M. WALKER SPEAKS. At a patriotic meeting at Shelbyville, Dr. D. M. Walker, former pastor of the Christian church of this city, was one of the speakers and the subject of the Shelbyville correspondent of the Louisville Times said of it: Another patriotic speech, which aroused the audience to a high pitch of enthusiasm was made by the Rev. D. M. Walker. Though a minister and avowed to be a minister, he confessed that he would enjoy meeting the Kaiser when he had his "old dove gun" loaded to the muzzle. His counsel was "to let your tongue cleave to your mouth and your runs wither rather than even suggest that this country will ever think of peace except on the terms stated by the great President the nation has ever had."

COL. THOMAS A. BENEDICT. Col. George W. Thomas, the well-known and popular traveling man who headquarters at Somerset, but is at home wherever he hangs his hat, was married in Louisville last week to Mrs. Hattie Ellis Read, a charming widow of Ghent, Carroll county. They passed through on the Southbound passenger Sunday for Crab Orchard to visit friends for a few days before going to Somerset for an indefinite stay. Mrs. Thomas is a charming young woman, pretty of face and very pleasing of manner, while everybody who knows the general colonel will cheerfully admit that he is one of the finest fellows in all Christendom.

THE WORST WINTER EVER. Fifty-three days of frigidty, during which the mercury ran below zero ten times, sometimes registering as low as fifteen, makes a record that has never, as far as the oldest inhabitants know, been beaten. It thawed some Friday and Saturday, but another cold wave swooped down Sunday freezing the slush thus made and making walking an exceedingly dangerous performance. Newspapers tell of many accidents and numerous broken bones of those who did not "watch their step" sufficiently. The mercury was ten this morning, the sky was clear and things looked brighter for better weather.

WELCOME DR. BURGIN. Dr. W. W. Burgin, wife and family arrived Tuesday at noon from Crab Orchard, where they have made their home for the past several years. Dr. Burgin, who is a dentist, will open his office here in the near future. The doctor and family are domiciled on Lebanon avenue, where they are at home to their many friends in this city.—Campbellsville News Journal.

BERRY BUYS TWIDWELL FARM. Col. Robert L. Berry, of the West End, has bought of his sister, Mrs. Annie B. Saunders, the McClure farm, or rather what the older inhabitants know as the Twidwell farm, near Hustonsville, for \$10,750. The place contains 84 acres and some of the land lies in the corporate limits of Hustonsville. This gives Mr. Berry 300 acres of splendid land.

MR. BLACKERBY BUYS LAND. Mr. R. M. Blackerby, who lives on the Crab Orchard pike, has bought of Mr. George S. Carpenter his farm of 112 acres for a reported price of \$9,000. The land adjoins a portion of Mr. Blackerby's farm. Mr. Blackerby also bought of Mrs. S. E. Owsley five acres of land adjoining his farm at a private price.

NO CHAUTAUQUA THIS YEAR. The Woman's Club has very sensibly decided to have no Chautauqua this year and have so notified the Lincoln Chautauqua, with which they had made a partial contract. Conditions caused by the war caused the Club to reach the conclusion they did.

SHOUN GOES "OVER THE TOP"

The following dispatch is sent from Somerset: Pulaski county has the honor of having furnished a soldier for eighteen days stood in the trenches on the western front and was finally rewarded by "going over top" and bringing back a German prisoner. This young man is Sergt. Umbra Shoun, son of C. A. Shoun, of Norwood, who has just returned from the battle front. He arrived home this week after a trip of several thousand miles. Sergt. Shoun has been in the army for several years and was with Pershing's troops who went into Mexico. He later went to France when this division was sent across. These troops were the first to be sent to take part in the great conflict. After several months' training behind the line they were sent into the trenches with the British soldiers. For eighteen days Sergt. Shoun was within talking distance with the Boches, and finally the order came to "go over the top." A Pulaskian and a true Kentuckian, he was one of the first over and brought back a German captive. He says that the German soldiers do not know that the United States have any troops in France, and when he told his captive that he was an American soldier the German would not believe him. He says the Germans are kept ignorant of the fact that America has entered the war. Sergt. Shoun suffered from what is known as trench paralysis, and he was discharged from the service on account of this disability. He says that he was shown every courtesy by the Government and everything possible was done for him. He

was in a base hospital behind the lines for some time before starting on his journey home. He has nothing but praise for the Red Cross and Y. M. C. A. Sergt. Shoun says the United States has quite a number of soldiers now in the fighting zone and more are coming every day. He says the opinion is that war will end soon after the spring drive, when the United States soldiers get into it in good fashion. "The barbarity of the Germans has not half been told," says Sergt. Shoun. "I saw little children with arms, legs and ears cut off. This punishment was inflicted by the retreating Germans. They told me that babies were grabbed from their mothers' arms and a bayonet thrust through them. Women had to submit to awful outrages. The awful side of this war has not half been told."

Reduced rations for the American people went into effect Monday under new regulations prescribed by President Wilson and the Food Administration, some of the chief features of which are: A baker's bread of mixed flours; sales by retailers of an equal amount of substitute flour for every pound of wheat flour sold; sales of millers to wholesalers and by wholesalers and retailers of only 70 per cent. of the amount of wheat flour sold last year; two wheatless days a week and one wheatless meal a day; one meatless day a week and one meatless meal a day, and two porkless days a week.

BRUTAL ACTS OF DOCTORS

Secretary of War Baker has returned with order for severe punishment the findings of a court martial dismissing two surgeons from the army, one because he ordered a soldier with a far advanced case of pneumonia back to camp and double duty because he failed to salute him. The soldier died a few days later. The other brute kept an ambulance full of sick men out in the rain for an hour before going to them and then ordered them away, claiming that there was no room for them in the hospital, notwithstanding the proof showed that there was. One of the men was delirious and when the driver expressed a fear that he would hurt himself or others, he was ordered to tie him so that he couldn't. He and another of the men died in a short time afterwards. One of these brutes and agents of the Kaiser is named J. G. Dwyer and is on duty at Camp Funston, the other C. W. Cole at Camp Beauregard. Indignation must fill the mind of every one who reads of such brutality, especially if he be a parent, who has a son in the service who may receive similar treatment. Death in its most cruel form is too good for the creatures who would thus treat those boys who have offered their lives to fight the enemy, not to have them taken by men employed to doctor them, and example should be made of the monsters that would forever deter other whippersnappers from such shocking display of heartlessness. That such fiends are in the service is due to the fact that many so-called doctors, without standing or practice at home, have been taken into the service and that the display of patriotism was due more to a desire to get a good job to make a living than the effort to serve the country. If it is necessary to take incompetent for such positions they ought at least to be gentlemen, who would not stoop to revenge on a helpless and dying soldier. Our blood boils with indignation to think that a court martial would impose no greater punishment than dismissal for crimes that put even the atrocities of the Huns to shame.

A bill has been presented in the Legislature to punish those who bet with the book-makers with imprisonment at not less than one month nor more than twelve in jail, while the book-maker himself is liable to heavy fine and a term in the penitentiary. It ought to be passed. If there were no suckers to go up against the game there would be no game and the scamps who set it up would have to seek an honest living. In this connection it is gratifying to observe that the new broom in Louisville is sweeping pretty clean in getting out gambling and book-making and has revoked the licenses of several prominent bars for violating the Sunday law. If the republican administration will rid the city of these curses it may prove a blessing in disguise, much as it is now regretted.

In addition to the half per cent. tax imposed on all property for its benefit, the Kentucky University has asked for a big appropriation, but it is hoped that the Legislature will make no further appropriations for that institution until bond and security has been given that gambling shall cease in Lexington, so that the young men sent there may not have their morals corrupted by it and its concomitant of liquor drinking, the saloons and gambling going together. Under present conditions Lexington is the worst place in the country for the formative period of character of the young.

A Patterson, N. J., man who prophesied that the Kaiser would die Jan. 18, went and killed himself, leaving a note saying: "I have been a false prophet, therefore I have sinned against God." The poor fellow ought not to have taken it so hard but should have remembered that if at first you don't succeed, try, try, again. If he keeps on he is bound to win, since the old beast is sure to die sometime, even if he does claim partnership with the Holy Spirit. Who will never die.

Moderator H. Bovee Taylor claims that he is not disloyal, but like Peter who denied his Saviour, his speech betrays him. That his church takes little stock in his assertions, however, is shown by others following the lead of the Richmond Baptist church and demanding his resignation. The Beechmont Church at Louisville is the last to do so.

The grocers of Frankfort have suspended free delivery of groceries and will charge five cents for each delivery. It is not so bad here, where people use more judgment, but we are told that in cities women will have a nickel's worth of anything sent to them, and even require a spoon of thread delivered if they are not going straight home.

While the bills passed by the Legislature are not as bone-dry as we would like to have them, they will suffice, and now if the body, having solved the vexed question, will get down to other very important work and adjourn within the time limit, it will make a reputation for future Legislatures to emulate.

It strikes us that the call for \$50,000 to extend the work of the tax commission is going it a little strong, especially as it already has a big sum at its disposal. It is about as well to let the people keep the money as to make them give it up for an army of officers, who will probably not earn their salaries.

The report that Villa has broken his leg and that it had to be amputated is doubtless like Mark Twain said of the report of his death, "it is slightly exaggerated." Villa has more lives, apparently, than the fabled cat or he would long since have filled the grave that has long yawned for him.

MAIN STREET STANFORD, KY.

Every American householder can help win the war by saving a shovelful of coal each day, according to the United States Fuel Administration. At the end of a year the saving would amount to fifteen million tons. This would keep five million people warm all winter. It would send a fleet of twenty-five battleships three thousand times across the Atlantic.

The Franklin county grand jury, in its report stated: "We gave particular attention to various rumors in regard to the race for Speaker of the House of Representatives. We have had before us every person whom we thought would be able to give any information. However, we have been unable to substantiate any facts sufficient to warrant us in finding an indictment."

The canners of the United States will have to fill close to 70,000,000 tin cans in a year to feed our army and navy. If you allow only five inches as the average length of a can, 70,000,000,000 cans, end to end, would stretch 553,000 miles, or more than twenty times around this old war-torn earth of ours.

If Representative Lark Garnett's bill, prohibiting the killing of calves under one year old becomes a law, we will be deprived of the privilege of killing the fatted calf for the gallant boys who will return from France all covered with glory and ill-gone.

State Fuel Administrator Bryan may not be a jokesmith, but he seems dangerously near one when he rules that undertakers must not operate on Mondays except in cases of emergency. It looks like to us an undertaker's business is always an emergency.

The doctors of Lexington have raised the price of visits to \$3 and eggs are quoted at \$1 a dozen there. Isn't this paying pretty dearly for living in such a town as Lexington? It is hardly worth that much to live in Stanford.

While examining him for the draft, Dr. Wahle, of Somerset, found that a young man from Burnside had a well-developed case of small-pox. He passed—but it was out of the doctor's office.

Roosevelt has found one man in the cabinet that suits him and damns him with faint praise. It is Secretary or War Daniels, who if the thing keeps up, will be regarded with suspicion.

While the Legislature is at it, why not make the manufacture of moonshine and boot-legging capital offenses? There ought not to be room in this country for either of these gentry.

THE NEW YEAR

Old Father Time, with hoary beard
And in his bright array,
Has led us 'round another curve
Toward that celestial day

When we shall face Almighty God,
A strict account to give
Of all the ways which we have trod
While on this earth we live.

The New Year marks the narrow bounds
Of this terrestrial sphere:
How swift the days grow into weeks,
The months into the year.

So fast now runs Old Father Time,
Why can't the people see
That soon he'll cross the border line
Into eternity!

Yet like an idle tale we pass
Through each succeeding day,
And act as though we thought, alas!
We had come here to stay.

Almighty God, to Thee I pray
That soon the world may see
That for its acts and deeds some day
It must account to Thee.

Awake, oh, God, its throbbing heart,
And let the whole world see
That it should act the Christian part
And give this year to Thee.

WORKING COLD CHECK GAME

A Danville dispatch says: "Three forged checks had been given to Danville merchants up to Saturday afternoon, and so far no clew or description, except that the 'beneficiary' is black." The first check was given to F. K. Tribble Coal Company for \$5, and made payable to 'Willie Hagzie,' Willie requesting the delivery of a dollar's worth of coal at 601 South Fourth street. 'Willie' pocketing four good hard dollars and proceeding to the grocery and meat stores of William Lunsford, where he presented a check for \$6 in payment for \$2 worth of groceries and meat, which he put in his pockets and walked away with four more dollars. The next place 'Willie' showed up was at a grocery store on Beatty avenue, where he presented a check for \$7, which he exchanged for 75 cents' worth of fruit and canned goods and \$6.25 worth of 'change.' The signature on all the checks were the same, but hard to decipher, and it was only with the assistance of 'Willie's' statements that they were signed by 'Mr. Clarence Powell, the harness man,' that the above merchants accepted the checks. All the checks were forged. Nothing, however, had been suspected until the driver of the coal wagon came back with the loaded wagon and stated that '601 South Fourth street was a vacant lot

with a cow in it,' and being unable to learn from any neighbors about 'Willie Hagzie' and with the deduction and belief that the 'cow' had not ordered the coal, the driver returned. The chief of police was immediately notified and the other two offenses were soon reported."

STANFORD MAN DOING HIS DUTY

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Mayr's Wonderful Remedy made me feel 100 per cent. better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you or money refunded. Lincoln Pharmacy and the Penny Drug Store.

If he fills the place cut out for him, he stands between the citizen and the maker of merchandise. It is his business to know wool from cotton and cotton from silk, and see that the article is correctly represented to the customer, not to cut the price of calico one-half cent on the yard and sell cotton chain goods for all-wool. Mr. Jesse Bowling, of the Walnut Flat section, has received word that his son, H. C. Bowling, has arrived safely in London. J. B. Reynolds, also of this county, is with him. They are booked for field clerks.

Hon. and Mrs. W. H. Shanks returned Saturday morning from several weeks' sojourn at White Springs, Fla., where they say weather conditions were fine. It was sufficiently warm on Thursday for Mr. Shanks to take a plunge into one of the beautiful lakes that are found almost in all sections of Florida.

Miss Nell Dempster entertained Saturday evening, complimentary to her guest, Miss Irene Crutcher, of Shepherdsville. The guests went to the picture show and from there to the Princess, where a very appetizing lunch was served. The guests were Prof. D. B. Spragens and Miss Dempster, Mr. Welch Rochester and Miss Eugene Owensley, Mr. William Grimes and Miss Crutcher, Mr. Eugene Spragens and Miss Sallie Burdette.

The End of Your Corns

Pain Stops at Once—Corns Lift Off Clean.

There is nothing in the world like "Gels-it" for corns. Just apply it according to directions. The pain stops at once and the corn lifts off as clean as a whistle. No fuss, no bother, no danger. "Gels-it," you know, is safe. Millions have used it more than all other corn remedies combined, and it never fails.

Don't Waste Time "Hollering." "Gels-it" Never Fails.

There is no need for you to go through another day of corn agony. But be sure you get "Gels-it." Accept nothing else, for remember, there is positively nothing else as good. "Gels-it" never irritates the live flesh, never makes the toe sore. You can go about as usual with work or play, while "Gels-it" the magic, does all the work. Then the corn is right off like a banana skin, and leaves the toe as smooth and corn-free as your palm. Never happened before, did it? Get a bottle of "Gels-it" today from any drug store, you need pay no more than 25c, or send on receipt of price by R. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

Mrs. Charles H. Carter has been quite ill, but is improving.

Mrs. Elizabeth Simmons, of Richmond, arrived Monday to visit her niece, Mrs. R. M. Newland.

J. E. Howard and Mrs. Howard were here from Crab Orchard with her parents, Mr. and Mrs. S. L. Burdette.

Mrs. Sallie Johnston, who has been with friends here, returned to her home in Louisville Monday afternoon.

Mrs. W. C. Shanks is spending a few days with her daughter, Miss Margaret Shanks at Science Hill College, Shelbyville.

Mayor A. B. Florence and Hon. W. H. Shanks went up to Madison Monday to look after some affairs concerning their oil business.

Will Yager, who has been troubled with rheumatism for some time, left Monday for Martinsville, Ind., to take baths for a few weeks.

Misses Pearl Boone, Mabel Smith and Lucile Young went to Richmond Monday to enter Eastern Normal. D. C. Lair went with them, but returned that night.

Col. R. L. Elkin, of Lancaster, was here this morning returning from Atlanta, where he had been to visit Mrs. Elkin, who is there under the care of a celebrated optician.

Miss Lucille Duddar went to Richmond Monday to matriculate at Eastern Normal. She was accompanied by her father, Squire J. T. Duddar, who spent the day in Richmond.

Mrs. Jessie Stagg and daughter, Miss Elizabeth Stagg, left today for Knoxville, where they will visit Harry Stagg for a while before going on to Goldsboro, N. C., to make a pre-arranged visit to Mrs. William Wilcher, who was Miss Maggie Stagg.

Dr. J. Guy Ballou, son of Eld Joseph Ballou, of this city, has given up a lucrative practice at Graytown, O., and has gone to Fort Riley, Kansas, for training for service in the medical corps. Mrs. Ballou and children are making Toledo their home in his absence. When Eld Joseph Ballou was informed of his son's patriotic move he remarked: "Guy did right. If I could recall a few years I would get a gun and join the army myself."

Fred Deblin, who was shot by Garfield Elder just before Christmas, and has been confined to his home since, was able to come to town today, where he will remain for the trial of Elder, which is set for Thursday. It will be remembered that Elder emptied the contents of a shot gun into Deblin's body. The trouble grew over a horse trade.

WITH THE CHURCHES.

Rev. C. H. Greer will hold quarterly meeting at Stanford Sunday, Feb. 10th. Preaching at 10:45.

Rev. R. E. C. Lawson, for eighteen years pastor of the Presbyterian church at Springfield, is dead.

The members of the Methodist church at Pikeville have agreed to use no more sugar in their coffee until the war is over.

The Crescent Hill Baptist church of Louisville passed resolutions concerning J. Boyce Taylor for his disloyal remarks, and called on the Federal authorities to take action that will render inoperative his efforts to give aid and comfort to the enemy.

Rev. W. L. Clark, pastor of the Mt. Vernon Street M. E. church, advises us that the date for the dedication of the new church has been postponed and will likely be some time in February. The completion of this handsome edifice has been delayed on account of the shortage of some material.—Somerset Journal.

President R. H. Crossfield, of Transylvania College, spoke at the Christian church Sunday morning to an appreciative audience. He chose for his theme "The Divinity of Christ" and those who heard him pronounced it one of the best utterances they had ever heard from this splendid speaker. The fact of Christ's fulfilling Old Testament Prophecy, his miracles, his teachings, his sinless life and what he has wrought in the world's life were clearly shown to be evidences of his Divine origin. It was a thoughtful sermon, inspiring and strengthening to faith, and provocative of thought. On Monday morning Dr. Crossfield addressed the pupils of the high school and higher grammar school grades at the chapel hour on "Winning the War." His recital of the history and causes of the war, thrilling incidents gained from wide reading and contact with men who have visited the scenes of battle, together with his clear cut admonitions as the part that even high school pupils must play in helping the gigantic struggle made an address well worth hearing, and held the close attention of his hearers to the last second. It is hoped that he will return at an early date when his message can have a much wider hearing.

WOMEN TORTURED!
Suffer Terribly With Corns Because Of High Heels, But Why Care Now

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

EXECUTOR'S SALE

The undersigned executors will, on **TUESDAY, FEBRUARY 5, 1918**, beginning at 10 o'clock on the premises of the late John Taylor, about two miles south of Gravel Switch, offer for sale the following property: The farm on which the late John Taylor lived at the time of his death, consisting of about 595 acres. The farm is located on the Rolling Fork and a considerable portion of it is fine bottom land, and the whole of the remainder is in grass and timber and is practically virgin soil, susceptible to cultivation and well adapted to tobacco, hemp and corn. The farm is located on the Gravel Switch and Caney Creek turnpike and is well watered. The improvements are good, consisting of a splendid two-story eight-room dwelling, three excellent stock barns, one tobacco barn, two tenant houses and other necessary outbuildings. The fencing is all in fine condition. There is also on the farm about 250 acres of first-class oak, hickory and other hardwood timber. Said timber is a part of a virgin forest and there are five or six coves of black walnut alone. The farm will be offered in three tracts and then as a whole and the best price accepted. Possession of the land will be given when the terms of sale are complied with. Said executors will also offer for sale at the same time and place a quantity of farming implements and household and kitchen furniture.

TERMS—Said land will be sold for one-third cash, balance in two equal installments, due in one and two years with interest from date and lien retained on land to secure the deferred payments. Personalty will be sold as follows: Sums of \$10 and under cash; over that amount,

MEN

This cold weather demands the warm garments, and one of the most sensible investments that can be made now is the purchase of an Overcoat or a Mackinaw at our present old LOW PRICES.

ROBINSON'S

LAND, STOCK AND CROP
R. M. Ware sold to George Hall four stock hogs at 15c.
Cyrus Gover bought of Wm. Beck 100 bales of hay at \$1.40 bale.
Woodford county hemp growers, controlling 1,900 acres, have pooled.
Warren county will have 2,700 acres in strawberries this year—the highest in her history.
Jesse Bowling sold to T. W. Jones two 225-pound hogs at 16c and one 125-pound hog at 15c.
M. F. Lawrence sold to W. M. Holman, out on the Cook farm, 100 bales of hay at \$30 a ton.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver And Bowels

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen Mother! See if tongue is coated, then give a teaspoonful of "Californin Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.
Millions of mothers give "Californin Syrup of Figs" because it is perfectly harmless; children love it and it never fails to act on the stomach, liver and bowels.
Ask your druggist for a bottle of "Californin Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "Californin Fig Syrup Company." Refuse any other with contempt.

Tract 8—Beginning at a point in western line of lands allotted to Elizabeth W. Moreland, where the lands of Alex and Robert Bruce meet in said line, thence in an easterly direction about 343 feet to a stone, 33 feet from Cincinnati Southern Railroad right of way, thence 30 feet west of said right of way in a south westerly direction about 350 feet to a stone, thence in a westerly direction about 371 feet to a stone corner of land owned by Alex Bruce, thence in a northerly direction, with Alex Bruce's easterly line about 288 feet to beginning, containing 2 1-2 acres, more or less, being the land conveyed to Alexander Bruce Ed Edwards, by deed dated Dec. 1, 1897, of record in deed book 38, page 384, in said office.

Tract 9—A tract of knob land, beginning at a stone corner to Alex Bruce, thence south 6 east 22 poles to a stake, thence west 50 poles to a stake in C. Carter's line, thence north 7 1-2 west 31 poles, north 83 1-2 east 25 poles to a stone, north 6 east 17 poles to a stone, north 83 1-2 east 24 poles to beginning, containing 9 acres, more or less. But there is excepted and excluded there from about one half acre heretofore conveyed by Edwards to Sam McCormack. Also, appurtenant to said land is a pass-way over another tract of land owned by said Edwards and 15 feet wide. This land was conveyed to Alexander Bruce's heirs by James Baughman, by deed dated July 16, 1914, of record in deed book 53, page 29, in said office.

Tract 10—A tract of knob land, and beginning at a stake on top of knob, supposed to be Johnson and Reed's corner, N. 88 1-4 W. 4 75-100 chains to a stake, north 8 3-4 west 11 46-100 chains to two pines on top of knob, corner to George Widdie, with line of Dinwiddie, N. 11 1-2 W. 15 36-100 chains to a stone corner to same, N. 81 3-4 W. 1 75-100 chains to a stake in John McCormack's yard fence, with his line S. 13 3-4 E. 3 31-100 chains to stake corner to same, N. 86 3-4 W. 8 68-100 chains to stake in line of John McCormack, and corner to Reed, McCormack, with line of latter S. 18 3-4 W. 2 93-100 chains to stake corner to same, N. 87 W. 4 65-100 chains to a stake corner to same, N. 1 1-2 E. 1 90-100 chains to stake, N. 6 W. 4 21-100 chains to stake corner to Reed McCormack in line of George Pruitt, with line of latter S. 79 3-4 W. 12 40-100 chains to stone on top of knob corner to McCowan, with his line S. 52 1-2 E. 3 19-100 chains to stone corner same and Andy Feistritz, with line of last named S. 14 E. 9 42-100 chains to stake corner to same, with line same S. 19 W. 19 10-100 chains to a white oak stump, N. 89 W. 27 44-100 chains to beginning, containing 61 46-100 acres of land, more or less.

The first eight tracts all adjoin each other and will be sold as a whole, or as one tract. Then the remaining two tracts, No. 9 and 10, will be sold as a whole, or as one tract.
The sale will be made on a credit of six months and the purchaser or purchasers will be required to give bond with good security for the purchase price, payable to the commissioner and bearing six per cent. interest from day of sale until paid, having the force and effect of a judgment. A lien will also be retained on the property sold as further security.

FLOUR

We are manufacturing flour strictly in accordance with the United States Food Administration's instructions. That is, we are making 95% of all the flour we make into one grade. We are packing this 95% flour in our No. 1 Fancy Patent flour sacks.
We are very much gratified to know how good a flour this makes. You need not hesitate to use this flour for Pastry and Light Bread, in fact for all baking purposes. We have made thorough tests of this flour in our homes, and know positively that it is good. The flour is hardy so white as we formally made it, and that's all. If nothing worse than using this grade of flour happens to us during this war, fortunate people are we. Vary truly
